## LOCATION DETAILS

### **ADA Site Specific Conditions**

This ORT location is at the East Helena City Hall, which is shared by the East Helena City Emergency Services and Police. The parking lot is paved, there will be some walking through an uneven parking lot and stairs to get to the East Helena City Hall Gym. There is limited shade in this parking lot so please plan accordingly. Please note that the gym has a traditional wood floor. **Due to unforeseen conditions, such as weather or change in availability of areas at the location, these conditions may be modified at the last minute.**

Modeled after real-life detection work, NACSW events are held in many different locations, with a variety of terrain, under varying weather conditions. Dogs and handlers need to be able to safely negotiate a variety of surfaces, including, but not limited to, tile, linoleum, carpeting, gravel, asphalt, uneven surfaces, and slippery footing. Handlers should be prepared to deal with a variety of weather conditions, including heat, cold, rain and snow. Events frequently require covering extensive distances to get to and from the parking area to each of the search areas and generally require that this be done across natural, uneven surfaces. Handlers should be prepared for physical demands and must be able to navigate the terrain with their dog accordingly. Handlers should expect to spend most of the day outside or in their vehicles as there are rarely indoor crating options at events. Please be prepared for you and your canine partner to deal with all of these varying environmental challenges. Handlers should familiarize themselves with potential regional risks and health concerns that may affect themselves or their dogs. Handlers agree that they are entering this event at their own risk.

**Due to unforeseen conditions, such as weather or change in availability of areas at the location, the details below may need to be modified at the last minute.**

## DOG INFORMATION

### Dog Policies

- All dogs must always be on a 6' leash when not searching. NO flexi-leashes while not participating in a search.
- Reactive and/or spatially challenged dogs should wear a red bandana (to be provided by the dog's handler) to help signal others that the dog needs extra space from other dogs.
- Dogs will be toileted in designated areas and handlers must pick up and dispose of waste.
- Dogs and handlers must stay in designated areas to avoid contaminating search space, interrupting a search, or from viewing any part of the search.
- Handlers should expect to keep their dogs confined in a crate or vehicle when not searching. The logistics of an event typically do not allow for dogs to hang out on leash in between searches. Handlers should plan to provide their own shade using canopies or shade cloths.
- Refer to location details (above) for information on unentered dogs.

### Females in Season

Females in season will be allowed to run wearing "pants" at the very end of the day after all other dogs have tested. Handlers with females in season should park and toilet their dogs away from the other dogs if the location logistics permit. Handlers must email the Susan Suter [ssuter1959@gmail.com](mailto:ssuter1959@gmail.com) or Deborah Butler [nwbcpres1@gmail.com](mailto:nwbcpres1@gmail.com) so plans can be made for the dog.
